MEMORANDUM FOR: Chairman, COMOR

SUBJECT: Coverage of Highest Priority Targets in Cuba

1. The attached table outlines the BRASS KNOB coverage of Cuba during 20-28 December 1962. The targets listed are those which the COMOR has accepted as being of primary intelligence interest at the present time. The total COMOR target list for Cuba currently includes 157 items, all of which are covered and reported on periodically according to readout priorities developed by the COMOR and the NPIC.

2. All of the targets on the attached listing were adequately covered during the reporting period, and all but four (Banes Cruise Missile Site, Santa Clara A/F, Holguin A/F, and Manicaragua Staging Area) were covered with good photography during the missions of 27-28 December. On the basis of this coverage, together with collateral material and a telephonic description from the NPIC of 2 missions flown on 29 December, [redacted] missions are not considered justified according to the criteria established in USIB-D-41.5/41.
